Caring for the environment

Did you know we do not use disposable cups nor bottled water? Instead we have ceramic mugs and plumbed water dispenser directly from the main water supply. This is to ensure we do not contribute to the Plastic pollution of our planet.

Events

We are always looking for people to join us to work on site. We have advertised with Newham Workplace for two Assistant Site Manager positions.

Planning ahead - Work experience is booked with 15billion-ebp. This will commence in 2nd quarter of 2019.

Your safety is our concern

Bouygues UK takes every precaution to keep you safe throughout the construction process.

At all times, our site will be secure and surrounded by fencing but building sites can be hazardous places:

- We dig deep holes
- We erect scaffolding
- We use large, noisy machinery

Please do not enter the construction site, unless it is part of a pre-arranged visit by our project team.

- Our operatives and staff are trained to work safely

Please help us to keep you and children safe, and take extra care during the school holidays.
