## Caring for the environment

Did you know we use "Green" cleaning products for office cleaning? Going Green can lessen water pollution, air pollution, climate change and ozone depletion. In addition the practice of using green products also supports recycling which can reduce the use of raw materials, lessening the need for disposal of toxic products and packing materials.

## Events

The team has been involved in volunteering as a judge for the Building Futures competition at local Primary schools. This is a classroom project centred around learning about the construction industry.

# Your safety is our concern

Bouygues UK takes every precaution to keep you safe throughout the construction process.

At all times, our site will be secure and surrounded by fencing but building sites can be hazardous places:

- We dig deep holes
- We erect scaffolding
- We use large, noisy machinery

**Please do not enter the construction site, unless it is part of a pre-arranged visit by our project team.**

- Our operatives and staff are trained to work safely

Please help us to keep you and children safe, and take extra care during the school holidays.

**HEALTH  
& SAFETY  
A SHARED  
COMMITMENT!**

## Considerate Constructors Scheme

Bouygues UK firmly supports the aims of the Considerate Constructors Scheme. All of our sites are registered with the Scheme, and regular visits from the Considerate Constructors monitor will help us to ensure that we continue to improve our performance in showing full respect for:

- Appearance
- Community
- Environment
- Safety
- Workforce

Please let us know if you have any concerns.

Our contact details are on the newsletter that you should regularly receive or on the site hoardings.

If you would like further information regarding the Scheme you can visit their website at [www.ccscheme.org.uk](http://www.ccscheme.org.uk)

### Wants to speak to us?

For more information about the development, please go to <http://www.pontoondockdevelopment.com/>. In the next few months, we hope to update the website with news of developments in the project. The website also provides details for employment opportunities being created by the project, for those interested.

### Standard site working hours are:

Monday to Friday:  
7.30am-6pm

Saturday (if needed):  
8am-1pm

There should be no noisy works before 8am.

### Communication and Community Liaison

Bouygues UK is committed to working with the local community and keeping clear and open lines of communication throughout the construction phase. We have appointed **Myra Carino** as our resident liaison officer. Please do write to us should you have any questions or concerns.
